If you would like ALL contact details to stay confidential please tick here

(ARI staff will take the enquiries instead and pass them on to you to respond to as you wish.)

If you ONLY wish to host visits from people applying to the ARI 'Site Visits Travel Bursary',

please tick here

Visit Details	
Do you have the agreement of your site committee for your site to feature in the Good Sites Guide?	Yes/No
Have you informed other ploholders on the site of this intention?	Yes/No
Maximum number of people permitted per visit	
Preferred days of the week and times of day for visits:	
Amount of notice required for booking a visit:	

About the management of your site	
Is your site a private, temporary or statutory site?	
Do have a constituted association? If so when did this form?	
If not, please describe any other organisational structure	
Do you have any degree of self management? Please give details.	
Do you have a business plan or any kind of site strategy/action plan? Please give brief details.	
Was your site previously derelict or partially derelict?	

Would you say your site is now regenerated, or on the way to being regenerated?
Please tell us how you have achieved this.

Issues we are particularly interested in hearing about include:

- Changes to management structure (eg self management, association)
- Improvements/upgrading of site infrastructure
- Sources of funding (details of grants, fundraising or reclaiming of materials)
- Methods for attracting new ploholders
- Methods for tackling any site misuse (by ploholders or intruders)
- Methods for involving the local community

Site profile (approximate figures are fine, leave blank if not known)	
Size of site (acres or hectares)	
Size of plots	
Number of ploholders	
Number of untenanted plots	
How long has the site been allotments?	
Previous use of site	
Does your site have any of the following features?	
Site shop	Meeting hut
Storage container/storage hut	Toolbank/tools to borrow
Notice boards	Toilet
Communal gardening areas	Facilities for the disabled
Use of renewable energy (eg solar)	Composting bays or collection of green waste
Promotion of water conservation	Wildlife friendly management
Apiary (beehives)	Pigeon lofts
Chickens	Other livestock
Demonstration/educational plots for schools/training agencies/charities etc.	
Other (please give details):	

Are there any other features of your site or your management policies that have aided its regeneration? Please give details.
