Client Feedback

‘It was great to be in the outdoors all day’ –
Stephen

‘What a great day – and I was able to mend
the rotavator!’ - **Andrew**

‘I loved the animals. It helps you realise the
benefits of contact with other living things’ –
David

Staff Feedback

‘My client was able to be his true version of himself, by immersing himself in the farm activities he was given space to try new activities and remember skills he had forgotten. The farm is truly a special place which allows clients to flourish and grow as individuals.’ - **Fran**

Staff Feedback

‘I think giving people different areas of the farm to work on and allowing the clients to decide what they would like to do in the afternoon is great. The flexibility on how the farm works was great for clients to find out what areas they enjoyed and were good at. It gave clients a real sense of empowerment once they found out that they were good at something’ - **Clare**
