

# Insurance for Social Farms & Gardens

McClarrons' Care & Charity Team offer specialist insurance advice and exclusive rates for Social Farms & Gardens members.

Contact our dedicated team on **01653 600477** or by emailing **[care@mcclarroninsurance.com](mailto:care@mcclarroninsurance.com)**

**[www.mcclarroninsurance.com](http://www.mcclarroninsurance.com)**

Our team at McClarrons offer Social Farms & Gardens Members access to specialist products and advice, to help you protect your organisation and the invaluable work you do.

It is our aim to ensure that whatever challenges your organisation may face in the future, an inadequate insurance policy isn't one of them.

## Claims

McClarrons have an in-house claims team whose sole job it is to support our clients when they have suffered a loss. Access to specialist loss adjusters and good working relationships with insurers allows your assigned claims handler to work on your behalf, achieving as fast and fair a settlement as possible.

## How It Works

There are differences between each and every one of our clients, and these variances have the deciding factor on which policy is most suitable.

Your dedicated contact will be able to review your organisation's set-up, activities and risks to provide you with a policy bespoke for your requirements. This means you have appropriate cover in place at a competitive premium through a reputable insurance provider, protecting your organisation into the future.

## Covers include:

Specialist schemes combined with more universally available cover means you can be covered only for what you need, giving you the most out of your premium, including:

- Employers Liability - £10 Million (including volunteers)
- Public/Products Liability - £5 Million (including abuse)
- Hirers Liability
- Advertisers Liability
- Member-to-Member Liability
- Non-hazardous Fundraising Events
- Personal Accident - £10,000 capital sum
- Treatment Liability for Care Farms

Optional extras are available for additional requirements your organisation may require, such as: Trustee Indemnity, Professional Indemnity and buildings of non-standard construction.
